

DELARA Weekly Net Preamble

Calling all amateurs; this is [Your call], my name is [name] and I will be your net control this evening for the regular Monday Evening Delaware Amateur Radio Association net.

DELARA holds a weekly Monday evening net on the 145.17 repeater starting at 8PM local time. All amateurs are invited to participate in the net. This is a directed net; net control will use the Callsign K8ES.

Is there any emergency or priority traffic for the net? Call K8ES.

Are there any time valued, or mobile stations wishing to check in this evening?
(Ask if they are in for a short time, thus need to be first on the list, etc.)

As you checkin let me know if you have an announcement or traffic for the net. We'll now take regular checkins for our net.

At about 15 minute intervals, pause for any late checkins.

At the completion of the net activity, ask if there are any secondary comments or questions, suffix only. (Take them in order)

This concludes the Monday Evening DELARA net. We want to thank you all for participating, and we want to thank Ken W8SMK for use of the repeater. We now return the repeater to normal use. This is [Your call] clear, 73.
